Applies CPR Swiatek saves gridder after lightning strikes

Matthew Swiatek, Antioch, an 18-year-old freshman at Northern Illinois University in DeKalb, has been awarded a commendation for administering lifesaving CPR to another NIU student who was critically injured by lightning.

During a pickup football game at NIU on Sept. 17, all 11 players were knocked down when lightning struck the playing field. Swiatek, who saw the lightning strike from his dorm window, immediately ran out to the field. When he noticed one of the players, Marty Gremer, had no pulse, he immediately began administering CPR (cardio-pulmonary resuscitation).

"I certainly believe that it saved his life," said Dr. Terry Roth, a neurologist at St. Anthony's Hospital in Rockford, where Gremer was hospitalized for two weeks, part of that time in critical condition.

Roth said that after the heart has

stopped, the first five minutes are the most crucial to the victim. Swiatek administered CPR to Gremer until university police arrived at the scene several minutes later.

Gremer was released from St. Anthony's on Sept. 30 and Roth said that the 17-year-old freshman still has some unsteadiness and some memory trouble, but these conditions are expected to clear up. He is recovering at home and is expected to return to NIU in January.

"I consider myself lucky to have been in the right place at the right time," Swiatek said.

Gremer was the most seriously injured of the 11 lightning victims, although eight of the youths were taken to hospitals.

Swiatek was awarded his certificate of commendation at an NIU Student Assn. Senate meeting in October.

Pedestrian breaks arm, charge driver with DUI

Betty L. Moulder, 55, Antioch, is recovering from a broken arm after she was struck by a car driven by John Hallman, 21, Wauconda, as she tried to cross Rte. 173 after shopping at the White Hen Pantry.

Hallman told arresting officers that he saw

a female directly in the path of his car but it was too late to stop. He struck Moulder with the right front fender of his car which was eastbound.

He was charged with driving while under the influence of alcohol.

Solution to township's problem

Flooding project cost estimated at \$800,000

by GLORIA DAVIS

According to Kathleen Rumsey of the Lake County Dept. of Planning, Zoning and Environmental Quality, the Antioch Township Board and the presidents of nine subdivisions in the township will be presented an engineering study that will show a construction cost of approximately \$800,000 to solve the drainage problem in these subdivisions.

The study and its recommendations, done by Chief Engineer Robert Devery, of Devery Engineering, Inc., Libertyville, was done at a cost of \$5,800.

The presentation will take place at 7:30 p.m., on Monday, Oct. 24, at the Antioch Township Hall on Rte. 173.

The \$800,00 covers an estimate of the cost of 1983 construction and all improvements mentioned in the study.

The project is slated to solve the long-time flooding problems in the Lake Catherine, Channel Lake areas. The engineering study was funded by part of a \$20,000 1982 Community Development Block Grant (CDBG).

The construction will be partially paid by two \$50,000 CDBG's, the township and possibly more block grant funds.

The negative impact on the filling of the lakes in the area, improperly operating septic systems and silt build-up are blamed for the bad drainage in the nine subdivisions.

Nab teen for selling cocaine

by GLORIA DAVIS

Information supplied by the Antioch Police Dept., and that acquired through a two month investigation, led to a drug arrest south of Antioch, on Wednesday, Oct. 12.

Joel Wagner, 17, Antioch, was arrested while selling one-half of an ounce of cocaine for \$1,100, to an agent of the Northshore Metropolitan Drug Enforcement Agency.

Wagner was transported to the Lake County jail and charged with a class one felony, the selling and delivery of a controlled substance.

Cite racoon in fatal cycle smash-up

An investigation by the Lake County Sheriff's Dept. concerning the double fatal motorcycle accident that occurred on Rte. 173, on Oct. 7, showed that hairs found in the wheel of the cycle of one of the victims indicate that he hit a racoon and swerved into the opposite lane.

Lake County Coroner Barbara Richardson said that examination of the victims showed no liquor involved.

Gregory Gengel, 26, Lake Villa, who's cycle was westbound on Rte. 173, evidently hit the animal found dead at the scene, and crossed into the other lane, hitting Timothy Heath, 23, Antioch, who was eastbound.

Both were pronounced dead at St. Therese Area Trauma Center after being transported there by the Antioch Rescue Squad.

Recertify Antioch doctor

Dr. E. R. Abderholden of Antioch has been recertified as a diplomate of the American Board of Family Practice (ABFP) as a result of passing a recertification examination offered by the ABFP.

The physician thus maintains specialist status in the medical specialty of family practice.

ABFP diplomates must continue to show proof of competence in the field of comprehensive, continuing care of the family by being recertified every six years. No other major medical specialty requires diplomates to be recertified

on a continuing basis.

The written examination is designed to prove the candidate's continuing competence in the basic components of family practice—internal medicine, surgery, obstetrics and gynecology, pediatrics, psychiatry and neurology, and community medicine.

To qualify for certification initially a physician must have successfully completed three years of residency training in family practice and passed an intensive 2-day certification examination. There are

some 385 residency training programs in teaching hospitals and university medical centers across the United States.

There now have been certified more than 30,600 diplomates in the specialty. Most are members of the American Academy of Family Physicians, the national association of family doctors.

The academy was the first national medical group to require members to take continuing study, and was chiefly responsible for securing specialty status for family practice.

Purgured witness

Quilico claims threats, badgering and no help

Charles Quilico, 57, Antioch, contacted the News, saying that he felt that the article on his acquittal in Lake County Court on charges of the aggravated assault of an Illinois Bell Telephone lineman, run in the Oct. 3 issue, was not a complete and true explanation of the situation.

According to Quilico, he noticed that there was a third telephone line running into his house which only had two phones in 1981. When he reported that fact to Illinois Bell's security office he was told it was probably an old line belonging to the house previous to his or to a neighbor.

Quilico said that there was no house there before he built his in 1978 and a Schaumburg engineering firm he hired attested in writing to the fact that the wire ran into his house.

Quilico said that he thought that the wire was a tap on his private phone, ad-

ding that certain occurrences involved with numerous litigations he was involved in might give reason for the wire tap.

As far as the six months of billing he received from the phone company for a pay phone at a public hall belonging to an organization of which he used to be a trustee, Quilico said that the phone was being used to take illegal bets.

A complaint to the Illinois Commerce Commission finally got that billing stopped for the month of May but he again receive bills for June and July.

He and a friend saw a man wearing a uniform, insignia's and a hard hat emblazoned with Illinois Bell, working on lines in back of his house on May 2. When asked, the lineman showed Illinois Bell I.D.

So the next day, when he saw the man he was later charged with assaulting, Robert Hueckstaedt, a phone

lineman also from Antioch, cross 57 feet through his yard toward the phone pole, he approached him and asked for some kind of identification.

"I asked him twice and he refused, getting belligerent and pointing to a truck that carried the Bell insignia."

"It was then I drew a .357 magnum revolver from a shoulder holster and, from five feet away, pointing the gun towards the ground, told him he wasn't leaving my property until he showed me proper identification," Quilico said.

He added that Hueckstaedt then showed him Bell I. D. and quickly left.

Quilico said that 15 minutes later three Lake County deputies arrived. Deputy Perry Coleman asked for entrance which he immediately gave him, the other two officers remained outside of the sliding glass doors leading into the diningroom.

Quilico said that upon the officer's request for the gun, he empty the shells from it on the kitchen counter and handed him the weapon.

Quilico's wife said that one of the officers leaned into the diningroom and asked for the shells and the holster which she gave him.

"Coleman purged himself at my trial," Quilico said, adding that the officer had at first said he had arrived at Quilico's alone but later admitted to other officers being there upon a cross-examination.

Quilico also claims to have had his life threatened in front of witnesses by the

alleged bookie.

The aura around his home is clearly that of one who thinks he has to fear intrusion.

The property is clearly posted for no trespassing and a sign in the front window depicting a hand holding a gun, says "Forget the dog, beware of the owner."

The trial took three days after the jury selection, Sept. 14, 15 and 16, and after six and one-half hours of testimony, the jury returned with a "not guilty" verdict in 10 minutes.

According to Quilico he still expects Coleman to be charged with perjury and is waiting on results of his complaints made to the Antioch Police Dept., the sheriff's department and the state's attorney's office before he went to the commerce commission early in the game.

He added that he has heard nothing from the phone company since he was acquitted.

Quilico claims to be 100 percent disabled, stating that in January he had a complete physical which showed no heart trouble, although he admits to frequent hospitalization before that.

He said that all the stress from his harassment from the phone company, the threats and the lack of action by all agencies involved, had caused him to have a heart bypass and a valve replaced in July.

No one was available at either the sheriff's department or the state's attorney's office for comment at press time.

Along the way with ANNIE MAE

Stage review

Robertson absconds with Marriott show

by GLORIA DAVIS

Marriott Lincolnshire Theatre's newest production, "Gypsy," can hardly miss being a big hit since it has all the ingredients of one.

The main element of Marriott's recipe for success is that popular stage dominator, Alene Robertson, who doesn't simply steal the show but gobbles it up alive as she smashes across the stage in the title role!

Not only does she wrap-up and deliver the most and the best songs in the show all tied-up with a giant blue ribbon, thanks to her tremendous voice and its wide range, but she adds a titch more comedy to the role, than some of her predecessors did.

Admittedly her pathetic scenes were her lesser ones.

Paula Scrofano as Louise-Gypsy, turns in a smooth, perfectly cadenced performance. She is at her best on the burlesque runway doing an expert fast switch from the boyish Louise to a ladylike ramp vamp.

Vince Viverito plays Herbie, the lovable agent, with a "baggy pants" approach that I found more than acceptable.

Jill Walmsley is competence plus as she does the stereo-typed June with a little added flair.

As usual Marriott's dance numbers are

outstanding, especially for ones performed in the confines of "the round." Lincolnshire regular Bob Rand as Tulsa does a fine job with his solo number.

Even though the roles of the three strippers, Tessie Tura, Mazeppa and Electra, are almost fail-safe scene stealers in themselves, Peggy Roeder's Mazeppa had a little extra zip as did the slapstick Roeder rendition of Mrs. Kringlein, the befuddled landlady.

And not only did Martina Vidmar technically light-up the stage as Electra, but she was one of the ends of my favorite characters of all, Cow.

Jennifer Balen as Baby June popped a surprise with her real terpsichorean finesse.

Dominic Missimi handled the direction with adroitness; ditto Mark Hoebee, the choreography, and Jeff Lewis, the music.

"Gypsy" will be at Lincolnshire through the holidays but I'd hurry to see it soon and maybe you can see it again before it leaves, believe me its worth it!

The story may be a little overdone but the talented cast and outstanding production gives what might have been another mundane version of an old standard, a booster shot to the stars.

Slates turkey dinner

St. Ignatius Church is sponsoring its annual turkey dinner on Sunday, Oct. 23. The family-style will be served from 1:30 to 6 p.m. in the parish hall on Main St. in Antioch.

The menu is one that the entire family will enjoy. Prices are being kept at a low \$4 for adults and \$2 for children to age 12. All youngsters under the age of three are free.

This annual fall event is a combined effort of the congregation, enlisting some of the best cooks and pastry makers in the area. A bake

sale is also planned for the day.

Tickets are available from St. Ignatius Church members or at the door on the Sunday of the dinner.

There are over ten million recreational boats in America.

PUBLIC NOTICE

Notice of Proposed Changes in Schedule to Patrons of Commonwealth Edison Company

Commonwealth Edison Company hereby gives notice to the Public that it has filed with the Illinois Commerce Commission on October 7, 1983, proposed changes in its rates and charges for electric public utility service in all of the areas in which it provides retail service.

Such changes involve and would effect a general rate increase, providing for estimated increases in charges in 1984 for the following classes of customers: Residential - 10.3%; Residential Space Heating Customers - 10.3%; Residential Water Heating - 11.1%; Commercial, Industrial and Governmental - 10.9%; Governmental Pumping - 11.0%; Transit Services - 10.9%; Street and Area Lighting - 10.5%. Further increases of approximately equal magnitude were requested to become effective in 1985. The filing requests that some portion or all of the amounts requested for 1985 be applicable in 1984 in certain events.

The proposed charges would increase the bills of a residential customer using 300 kilowatt-hours in any month by \$2.97 per month (10.2%) averaged over the year. If the customer used 600 kilowatt-hours a month, the corresponding increase would be \$5.75 (10.3%) and if 1,000 kilowatt-hours, \$9.46 (10.3%). The increases shown include estimated average 1984 revenue taxes and fuel adjustment charges which reflect the proposed revisions in Rider 20, but exclude charges for optional light bulb service. The proposed increases may, therefore, vary slightly from the above amounts depending on place of residence and whether the customer has chosen bulb service.

A copy of the proposed changes in schedule may be inspected by any interested party at any business office of this Company.

All parties interested in this matter or who desire further information with respect to these changes may obtain information with respect thereto either directly from this Company or by addressing the Office of the Chief Clerk of the Illinois Commerce Commission, Springfield, Illinois 62706.

Kick off annual Toys For Tots drive

Preparations for the 36th annual Toys For Tots drive have been thrown into high gear, following an organizational meeting at the Marine Corps Reserve Center, Waukegan.

In an effort to meet the demand for toys for needy children, the drive has been extended this year to six weeks.

Some old standbys are back this year, joining Lakeland Newspapers as co-sponsors of the event, with some notable new additions. Lakeland Newspapers offices in Grayslake, Wauconda, Antioch, Fox Lake and North Chicago will once again serve as drop-off stations for the Toys For Tots drive.

National chairperson for Toys For Tots is actor William Shatner. Bob Byrne of Amco Tools and president of the North Chicago Chamber of Commerce is serving as honorary chairman for Lake and McHenry counties. John T. Case of WBBM radio is once again honorary chairman for the Chicagoland area.

Once again this year, Dominick's Fine Foods will serve as collection points for Toys For Tots, with 78 stores serving the Chicago area and another three expected

to open before Christmas.

In addition, the U.S. Marines who are national sponsors of Toys For Tots, have announced that again this year Pepsi Cola General Bottlers in the Chicagoland area will provide pickup service for Toys For Tots from local Dominick's Food Stores.

Toys will be distributed to one of five distribution points.

Capt. David Winn of the U.S. Marine Corps introduced key members of Toys For Tots present for the organizational meeting, as well as honorary chairman Bob Byrne.

Winn noted that because of Department of Defense crackdowns on use of military equipment and manpower for such projects, more of the work would probably be done by Marine Reservists this year.

Winn also noted that through the generous donation of equipment by Ryder Truck Rental, use of military vehicles would be kept to a minimum.

Winn stressed the need for community involvement. "It's a community event. The Marine Corps couldn't do this without the help of the civilian community."

Winn noted that some collection points have been eliminated or combined this year in an effort to reduce the amount of time needed to pick up the toys. For instance, the number of drop-off points at Great Lakes Naval Base will probably be cut to only 10 this year, said Winn, noting a strong military and civilian support from the base in the past.

In the Chicagoland area, Games Inc. has donated 150,000 games which will be distributed between five marine centers in the Chicagoland area.

Bicycles collected by the police at Great Lakes and unclaimed are once again being repaired and repainted by the Waukegan Adult Seniors program who are also repairing other large toys in need of attention.

The Retired Seniors Volunteer Program will be repairing and redressing dolls.

Cash donations were noted from Dick Daskal of Carpet World, Waukegan, and the North Chicago Chamber of Commerce. Cash donations are turned over to the Waukegan Jaycees who then disburse the money to the Marines for use for gasoline or for the purchase of toys.

He also noted that support of the media is critical. Chicago area organizers will be contacting the Chicago media, but Byrne noted that the presence of U.S. Cable TV and Lakeland Newspapers at the organizational meeting showed local community concern. "Lakeland Newspapers always puts the good news on the front page and when it comes to supporting and getting involved in local charity, they're always there," said Byrne.

Ceremonial kickoff of this year's Toys For Tots drive has been set for Thursday, Nov. 3, with barrels going out the week of Nov. 7-11.

This year's drive will continue through Dec. 16 at most locations, with pickups continuing until probably Dec. 19 or 20 at locations other than Dominick's, Winn noted.

Organizers stressed that the toy drive serves needy children of all ages. "Sometimes people automatically think of

children ages six to 10, so there is a need to fill in the gaps and provide toys for infants and toddlers and those ages 10 to 13," said Winn.

Location of drop-off locations will be made public soon, organizers said. Checks in support of Toys For Tots should be made out to Toys For Tots Inc. Anyone seeking more information on the Toys For Tots program should call the Marine Reserve Center, Waukegan, at (312) 244-5517 or (312) 623-7447.

Getting Married?

Getting married? Lakeland Newspapers publishes wedding and engagement announcements free of charge. Forms for your convenience in making these important announcements are available by calling 223-8161 or by stopping at any Lakeland Newspaper office. Photographs cannot be returned. Deadline for wedding and engagement announcements is 4:30 p.m. the Friday prior to publication. Those received by Friday usually will appear in the following issue, but may, at times, be delayed for one week. Announcements which appear months after a wedding usually are the result of lengthy waits for photographs from your wedding photographer. Lakeland Newspapers suggests that arrangements be made to have black and white photos made up immediately after the wedding for the newspaper. It is advisable to have the wedding form filled out prior to the wedding for the newspaper.

Ask Dr Sven
by Robert T. Sven B.S.D.D.S.

THAT FIRST DENTAL VISIT
Question: There's been some talk about audio analgesia. What is that?

Answer: Audio analgesia is an interesting concept in pain control. It's the use of sound to block out the discomfort, if not the actual sensation of pain, by scientifically blending certain sounds—namely, that of a waterfall working with carefully-chosen soft music. Using earphones, the patient can control both the waterfall sound and the music. The explanation for how it works is complex and interesting. The sound waves move in and take over the part of the brain that interprets sensations and jams it like an overworked telephone switchboard so that the pain stimuli from the dental treatment are misinterpreted. Since the brain center that interprets is filled with sound impulses, it sends back acceptable rather than distressing sensations. Audio analgesia is often used in combination with local anesthesia.

Women will hear 1st ladies' tales

A program entitled "Six Ladies", an intimate glimpse of life in the White House, will be presented by Nancy Stein at the next Greater Federation of Women's Clubs (GFWC) Antioch Woman's Club meeting, which will be held on Monday, Oct. 17, at 1 p.m., in the State Bank of Antioch.

Nancy Stein is well known in the Chicago area for her one-woman performances depicting scenes and charac-

ters in historical settings. Her presentation of "Six Ladies" is an outgrowth of a program commissioned by the Daughters of the American Revolution for their annual benefit meeting.

Stein's research on the activities and personalities of the first ladies led her to the Smithsonian Institution, the Library of Congress and the National Archives in Washington, D.C.

Her script has been requested by the curator of the White House as an addition to the memorabilia of White House occupants.

Dorothy Teister, Lou Vos, Ruth White, Trudy Anderson, Henrietta Albergo, Jan Hagstrom, Barbara Kufalk, Mary Amundson, Genevieve Mularski, Dorothy Callaghan, and Marguerite Nelson will be the ladies serving on the hostess committee.

'Good Acceptance' Says New True Value Store

The new owners of the Antioch True Value, Bob Leavitt and Stan Livermore,

are very pleased with the community acceptance of their new store and their new way of doing business.

Of course, most would consider their way of doing

business, the old-fashioned way.

"Personal service, needed products and services and good prices and promotions. That's our way of doing business," said Livermore.

Livermore also reported that inventory in the store has grown by more than 60 percent since they took possession 30 days ago.

Leavitt and Livermore are also readying the store for additional and newly expanded departments.

"Our paint and decorating center is growing rapidly. Last week we received over 10,000 pounds of Tru-Test Paint, much of which is now on sale," Livermore said, with Leavitt adding "watch for a lot of growth in this area."

"We are astounded by the response of the community," Leavitt continued. Every day folks come in and say, 'Hey, this place is really filling up!'

Antioch vs. Warren! That says it all

"Now we can finally officially think about Warren."

That was the obvious thought issued by Antioch Sequoit head grid coach Steve Wapon following his team's narrow 16-14 win over Lake Forest Oct. 15.

The Sequoits played a team full of fire and charged up as the Scouts celebrated homecoming. But the electricity in the air was nothing compared to what is expected at Warren. "I don't think the fact that it's homecoming (at Warren) will make any difference at all, this game is such a traditional rivalry," said Wapon.

Warren officials are predicting one of the largest crowds in the school's history, and despite Warren's first loss of the season last weekend, Wapon admitted that the winner of this weekend's game will have the inside track to the conference title and the state playoffs.

Preparation will be intense this week at Antioch, but Wapon said no big changes are planned. "We're going to go with what got us here," he said.

Wapon said that preparations will be "normal preparations for a championship game." But Antioch's job will be harder because Warren has been using two quarterbacks this year. Both are quality field generals but have different styles, Wapon noted.

Dean Jarrell, a senior, will run "the standard Warren offense we've seen in the past," said Wapon. Don Nelson, a junior, is a better runner "and we'd expect them to run the option with him," said Wapon. "We'll have to prepare for both."

Wapon said that the talents of the quarterbacks, along with the running of Dean Sjong, "one of the premier runningbacks in the Chicago area," gives Warren a potent offense and well-balanced attack. "And

Warren always has a quick, spirited, hard-hitting defense," he added.

It's the type of game that you might expect the defenses to dominate; a game played close to the vest.

Antioch is coming off another fine defensive performance against Lake Forest. In fact it was the defense again, which provided the key to the victory.

Lake Forest had put together a 12-play drive early in the third quarter with Antioch ahead 10-7, moving from the Lake Forest 30 to the Antioch 15 where the drive stalled.

Lake Forest's field goal attempt, which would have put them in the lead, was blocked by Dan Berkiel. The ball was picked up by Brian Parkhurst who returned the ball all the way to the Lake Forest 20 yard line.

Five plays later John Mahar crashed over for the touchdown, making the score 16-7 for Antioch. That sequence, said Wapon, was the turning point in the game.

Lake Forest had taken an early lead when Tarn Sublett scored on a 15 yard run and the kick was good. Antioch came back in the second quarter, scoring on a pass from John Humphreys to Bryan Becker. Humphreys' kick was good.

Antioch then added a 30 yard field goal by Humphreys with 1:09 left to lead 10-7 at half.

The only scoring in the third quarter was Mahar's two-yard run, followed by an unsuccessful attempt at passing for the PAT.

Lake Forest closed the gap in the final quarter with Sublett scoring from the one, followed by the PAT for the final 16-14 margin.

Mahar led the rushing game with 19 carries for 73

yards. Ed Silva had seven for 21 yards. Humphreys was seven of 20 for 97 yards and a touchdown passing.

Becker was again the leading receiver with three catches for 37 yards and a touchdown. Rod Steiskal had two receptions for 29 yards, Dave Hart one for 19 and Tim Breston 1 for 12 yards.

"We knew we'd have a tough ballgame and we were fortunate, and happy, to leave with a victory," said Wapon.

ACHS golfers place 3rd, Proctor still swinging

Although the Lake Forest Scouts took the Illinois High School Assn.'s regional golf tourney on Thursday, Oct. 13, the Antioch High School golf team came in a creditable third, with 324, to

advance to the Dundee Sectional to be held on Tuesday, Oct. 18, at Pine Crest Golf Course in Huntley.

The Sequoits outshot Waukegan East's golfers by a mere three to keep their

clubs swinging in the tournament.

Antioch's Barry Proctor came in in the top 10 with a 78, placing sixth, to the 75 shot by winner, Barry Nelson, Lake Forest.
